

DO YOU HAVE A DENTAL PROBLEM?

IF YOU REQUIRE DENTAL TREATMENT YOUR GP IS NOT THE RIGHT OPTION FOR YOU

If after a review, the GP determines there are dental problems you will be advised to see a dentist for treatment.

WE RECOMMEND THAT YOU TRY THE FOLLOWING:

- ✓ ASK PRACTICE STAFF TO DIRECT YOU TO A DENTIST OR LOCAL EMERGENCY SERVICE
- ✓ MAKE AN APPOINTMENT WITH YOUR DENTIST
- ✓ CHECK NHS CHOICES: FOR DETAILS OF DENTISTS IN YOUR LOCAL AREA <http://www.nhs.uk>

DENTAL TREATMENT PRESCRIPTIONS:

Any medication recommended or prescribed by the dentist should remain with the dentist. Please return to the dentist for a repeat if required. The GP is not able to prescribe these medications for dental problems.
